

I would like to extend my utmost gratitude to TAM Foundation for their immense support in making my dreams come true in reality. I believe anyone can achieve their dreams but without a support system and our great pillar of strength (our parents) it's definitely not possible. TAM foundation have trusted me and my goals and given me such a great opportunity to finish up what I have started. My journey as a medical student isn't easy but it was a challenging phase of my life and I am very grateful and thankful to have TAM Foundation as one of my backbone in supporting me pursuing my education. Last but not least, a million thanks wouldn't be comparable for the ultimate support and motivation TAM Foundation have given me.  
Thank you so much. Dr Syamala

Namaskaram. I am Dr Srie Pathie Krishnan first student who was supported by TAM foundation for my studies. It was a great support and help I received in which I was able to fulfil my dream to be who I am today. My heartfelt gratitude to Datuk Dr Achaiah for initiating TAM foundation and continuously being my inspiration as well as a great passionate leader. I am ever grateful to this TAM foundation and may this foundation will continue to shelter and support coming generations for brighter future and career. Currently I'm working at emergency department in Kuala Lumpur GH.

I would like to take the time to thank TAM Foundation for providing me the loan funding to help me when I was admitted to University Malaya to pursue Mechanical Engineering degree studies. My family and I are humbled by the generosity of TAM foundation and how they have helped and continue to help other needy students as well. Words will never be able express the sincere gratitude we students feel of TAM Foundation. May the Lord bless the leaders of TAM and the Foundation for their efforts to help all needy students financially. I hope such efforts by the Foundation will be continued in future.  
Gratefully,  
Sathiyanda Superamani  
Bachelor of Mechanical Engineering (Hons), University Malaya,  
Kuala Lumpur.

Thanks to TAM for helping me financially in pursuing my studies. My sincere acknowledgement for the valuable service from TAM in helping needy students. I would like to be a part of the team as soon as i graduate and contribute as well.  
THANK YOU TAM.
